Buffet and 23rd Annual Auction

5:30 - 11:00

Courtyard

At approximately 7:00 p.m., the 23rd Annual Iowa LICA Auction will begin in the Courtyard. In the last several years, the auction has raised between \$10,000 and \$25,000 annually! These proceeds have been used for educational programs, Iowa LICA website, safety, as well as the purchase and development of the LICA land.

The auction items are on display in the Associate Hall. With lots of great items to bid on, don't forget to sign up for your number in the Associate Hall and bid, bid, bid!

IOWA LICA GOLF OUTING

COMING THIS SUMMER 2020...

No matter your skill level on the course, it is safe to say Iowa LICA members like to dig dirt. This golf outing is a great time and no matter how much dirt gets swung around, everyone has a chance to win. The dollars generated from this fun event go towards funding our scholarship for Iowa LICA members, their spouses, children, grandchildren or employees. Watch for dates when the weather warms up. Date TBD

2019 Iowa LICA Scholarship Winners

Congratulations to the 2019 Iowa LICA scholarship winners:

Kody Ricken
Abigail Kraft
Piper LaGrange
Mitchell Bohle

Sunday Entertainment

Sign up at the Registration table on Sunday, January 5th. Enjoy the hospitality rooms, grab a beverage, and throw some bags while listening to the sounds of "Dirty Champagne".

Presidential Awards Banquet Entertainment

The Peterson Farm Bros are made up of Greg (28), Nathan (25), Kendal (22), and honorary "bro" Laura (18) Peterson. We are siblings who farm together with our parents near Assaria, KS. We produce entertaining and educational videos on our [YouTube channel](#) and post farming and video updates to our social media pages (Facebook, Twitter, and Instagram). Ever since we began producing content, we have continued to realize a need to inform people about what we do in farming and in agriculture as a whole. There are many misconceptions about modern day farmers and we feel it is our calling to help correct some of those misconceptions. Aside from our production on social media, we travel around the country to speak on advocating for agriculture. We also blog about misunderstood topics in agriculture and open up our farm for tours. Through all of this we hope to educate the general public on where their food comes from and what a real Midwest family farm looks like!

About the Sessions and Speakers:

CEU Program:

Members who want to use these classes for CEUs must sign-in before the class begins and sign out when the class is over. Iowa LICA will report the attendees to the state of Iowa and IOWWA.

Sponsored by:

The workshops offered during the Iowa LICA Annual Meeting and Convention will cover the following and may not align perfectly with the times allotted for sessions.

Session 1 (1 hour) History of Septic Systems

Session 2 (1.5 hours).....
..... Fundamentals of Septic Systems and Home Ownership

Session 3 (1 hour)Time of Transfer and Spirit of the Law
We will layout timelines for closing on the sale of property, transferring property and the process of a Time of Transfer inspection and required sampling. We will clarify the exemptions to the regulations and debunk the “Grandfather” clause.

Session 4 (2.5 hours)..... Collaborative and Interactive Exercise
We will be breaking into small mixed groups for collaborative and interactive exercises to demonstrate and educate us all together on Chapter 69 and Time of Transfer.

Total of 6 hours CEUs earned if all sessions are attended.

About the Sessions and Speakers:

Accident Investigation

.....*Linda Moyna, Moyson Resources*

Should an accident happen do you know how to implement a good accident investigation? A good investigation can save you time and frustration. Learn how to meet OSHA/MSHA regulations as well as keep your insurance company happy. Also, a good investigation can help you make changes to your company in order to have a safer environment. We will also discover how and why your workers comp insurance costs can be lowered. Discover why distracted driving is a company's biggest challenge.

Agency Meeting

.....*Al Frohlich of Army Corp of Engineers*

.....*Tony Toigo, Loan Program Coordinator for Division of Soil Conservation*

.....*Bruce Truman Deputy Director of Department of Natural Resources*

.....*Jon Hubbert, Assistant State Conservationist, NRCS*

This program will be 2 hours in length. Representatives from the NRCS, IDALS, DNR, and the Army Corp will give a short presentation on their programs and responsibilities. The second hour will be open for questions and discussion of those topics of interest to you.

Are Your Job Descriptions Helping... or Hurting?

.....*Mindy Oxenford, E3 Millennium Work Therapy Services*

Attendees will know what details define a job description and how to harness a good JDs full value (see 1-4 below) and why bad job descriptions make claims more costly (premature release to work or unnecessary additional medical expenses/lost-time, improper restricted duty/accommodations, etc.).

- 1) Managing an aging workforce via injury prevention options
- 2) Aid to doctors treating/releasing injured workers using objective facts, not patient self-reports
- 3) Ensure treating therapists can streamline treatment of injured workers for quicker (and safer) return to work
- 4) HR/Dept. Heads/Admins will be more confident with job assignments/rotations/accommodations/open-position advertising

Bonding Overview

.....*United Fire Group*

We will be discussing the bonding process. What is required to be bonded? We will have a question and answer section for general questions participants have on the process.

About the Sessions and Speakers:

Business Tax Issues

.....*Lacey Carroll, Milestones Group*

An update on business tax issues, including income tax, sales tax, use tax, and payroll taxes. Other topics to be included are the new Iowa e-filing requirements for W-25 and how the 20% qualified business income tax deduction works.

Collections and Getting Your Money for Your Work

.....*Justin Sullivan, Whitfield & Eddy Law*

This program will discuss items used to ensure payment and the best practices to put yourself in the best position to get payment and the costs associated with collecting on judgments and in small claims court. We will address contracts and invoicing techniques to better protect yourself and your company

Construction Plans and Specifications

..... *Luke Monat, Shive-Hattery*

The presentation will review common layout and components of construction plans and specifications as they relate to conservation type projects. Example plans from wetlands, ponds, bio-reactors and other soil and water conservation projects will be shared and discussed. Understanding the layout and how to reference technical specifications will also be reviewed.

Contractor Roundtable Discussion

.....*Doug Egeland, Doug Egeland Tiling*

.....*Bruce Barnhart, Barnhart's Custom Services*

..... *Gene Blazek, Blazek Construction*

Join these experienced contractors for a question answer session. Ask what you've always wanted to know, but didn't know where to turn for answers.

Cyber Security

..... *Gene Zimmerman, All Z Clean*

You will learn what a "Cyber Security Posture" is and how to dynamically adapt yours as appropriate given the situation for both your personal stance and when working with vendors. Attendees will walk away with an understanding (and checklist) of how to be safer with their information and be better stewards of their financial responsibility when making decisions about using technology in doing business.

Diesel Exhaust Fluid

..... *Steven Ile, Thunder Creek Equipment*

Presentation will cover Diesel Exhaust Fluid (DEF) best practices and care.

About the Sessions and Speakers:

Digging for Answers: Making Sense of an Uncertain Financial World

..... *Ross Polking, Foster Group*
Making good decisions and avoiding costly mistakes is critical in both your business and personal finances. Preparing for life after your career is an ongoing exercise that is ripe with financial uncertainty. Creating a plan and sticking to it is hard. Knowing how to effectively save and if/when to retire is even harder. This presentation will help simplify your approach and cut through some of the fog of planning and investing.

Disaster Recovery

..... *Gene Zimmerman, All Z Clean*
You already know that you should back up those files, but what is the best way to do it? While we are at it, what good will those files do you if nothing else works? You will learn how disaster recovery fits into a larger business continuity plan designed to ensure your company has resiliency in the face of flood, fire and more. Attendees will gain an understanding (and handout roadmap) of how to start building a plan to mitigate the impact of potentially major disruptions to their business service delivery.

DOT Driver Qualification Files

..... *Linda Moyna, Moyson Resources*
Are you ready for a “complimentary” DOT audit? Driver qualification files are one of the most important aspects of successfully completing an audit. In this class you will receive a driver qualification file and information about how to keep your files current.

Estate Planning & Probate & Trust Administration for Family Farms & Businesses

..... *Justin Sullivan, Whitfield & Eddy Law*
This program will discuss estate planning for your family farm and business. In addition, it will answer questions regarding family trusts or probate administration and what those mean. Estate planning will include capital gains issues as well as estate and inheritance tax considerations. Lastly, this program will discuss ways to avoid the family farm fight.

Evaluations—The Importance of Records

..... *Merv Hilpipre and Craig Hilpipre, Hilpipre Auction Company*
In this session we will be discussing the various types of appraisals required by financial institutions and the importance of proper evaluations for fire and theft.

About the Sessions and Speakers:

Fuel Additives

..... *Brad Chilton, Schaeffer Oil*

In this session we will be discussing fuel additives and storage tank preventative maintenance.

Grassed Waterway Construction, Tips and Tricks

..... *J.D. Goemaat, USDA/NRCS*

The workshop will cover tips and tricks on grassed waterways construction including: sitting and sizing a waterway, reading construction plans, layout in the field, and best construction methods. Seeding methods and erosion protection post construction will also be covered. Lessons learned from successes as well as failures will both be covered during the presentation.

Hands on Maintenance

..... *Joe Justesen, Murphy Tractor*

One of the biggest investments you have is your equipment. Learn how to perform hands on maintenance to make the equipment last and run smoothly.

Healthcare Insurance in 2020

..... *Shane Baack, Jones Group*

Health insurance has become the second most costly business expense next to employee's wages. The small to medium business market has seen the largest impact on their businesses and the Jones Group has worked hard to find solutions that make sense for business owners and provide the highest quality benefits at more affordable rates. Come learn about the LICA Endorsed healthcare options.

Iowa One Call

..... *Ben Booth, Iowa One Call*

Join Ben as he discusses the Iowa One Call system and how it can effectively protect you and the facilities underground.

Key Elements of Lifecycle Cost Analysis

..... *Jace Kranau & Michaela Wallace, Sandhills Global/Machinery Trader*

Harness the power of a simple yet powerful asset valuation tool that leverages the cleanest, most accurate asset, transactional and market data available to help you put real-time values on assets. This crucial information saves you time and gives you better visibility into your fleet, enabling you to improve the bottom line. We will also do a quick review of the six new benefits available to all LICA members.

About the Sessions and Speakers:

National LICA Benefit Review

.....*Chris Brauer, Region IV National LICA*
Join Chris, our Region IV National LICA representative, as he covers the benefits all Iowa LICA members receive from National LICA.

New Member Meeting

.....*Aaron Lyle, Iowa LICA Chairman of the Board*
.....*Troy Resor, Iowa LICA President*
Steering your way through our Annual Convention can be a challenging course as a new member, not to mention district meetings, National conventions and more. Come to our new member session to learn more about the structure of our association and how being an active LICA member can help your business grow leaps and bounds.

Risk Management of All Sorts... Better Attend This One!

.....*Greg Greco, Advisor for the Johnson Group*
.....*Randy Johnson, Advisor for the Johnson Group*
.....*Dan Waters, Attorney for the Johnson Group*
.....*Craig Martin, Attorney for the Johnson Group*
.....*Nan Merrill, Advisor for the Johnson Group*
Just like preparing for your biggest most complex job, planning for your business and family is incredibly impactful. Come listen and ask questions of a team of collaborative specialists (including Iowa LICA members) on dovetailing risk management, contingency, succession and estate planning into a seamless flexible plan and how to include and communicate your plan to the people you care the most about.

What if your top employees start to leave?

- Have you taken steps to ensure their retention?

What if the company is sued on a project that went poorly?

- Have you put systems in place to ensure that contracts are reviewed to minimize company risk?

What if your son and daughter expect to own the company and neither have the capability to run it?

- Have you developed a succession plan and communicated it?

What if you and your business partner can't agree how to operate the business anymore?

- What does your buy-sell and/or operating agreement say?

Remember—your panel participants are LICA members, our “work and expertise” are one of your benefits.

About the Sessions and Speakers:

Trusted Site Solutions for Erosion Control and Stormwater Management

..... *Bill Murphy, Quick Supply Company*
Innovative solutions for controlling soil erosion and managing stormwater run off.

What It Means to be an Iowan

..... *Mike Zahs, Iowa Historian*
Our land, our history, our people all work together to make Iowa a place like no other. Iowans tend to greatly underestimate our importance. Learn more about the great place we often take for granted, and why we truly are special.

Working with the NRCS on Terrace Projects

..... *J. D. Hollingsworth*
In this presentation, we will go over the basics of working with the NRCS on terrace projects. J.D. will discuss the thought process NRCS goes through for terrace layout, what survey is required, a brief overview of the NRCS design process, how to read the NRCS terrace plans, use them to stake out a terrace and how to fill out the NRCS checkout sheets.

Updates from the Iowa Department of Transportation

..... *HM Spec. Boswell, Iowa DOT*
Updates from the Iowa Department of Transportation on CDL, Medical Cards, Pre-Trip Inspections, Cargo securement, Vehicle Weight, Oversize Permitting, Agricultural topics, Haz-Mat (Placarded and Non-Placarded)

Zywave Portal

..... *Linda Moyna, Moyson Resources*
Shhh. I have a secret. Have you ever wanted or better yet have been mandated to develop policies and procedures? Have you ever had to have a workplace exam and you were not quite sure how to develop one? I have the answer... it's Zywave. At this presentation you will learn about the best kept secret of being a LICA member.

Pick up your Iowa LICA water bottle at the registration desk. Use it during our convention and earn raffle tickets at each of the workshops you are caught using it. Special raffle will be held at Tuesday's lunch.
